His is the day set apart for the annual memorial to those who counted not their lives dear to them when weighed in the balance against the Union, and who now lie buried in the cemeteries all over the land. As usual the old soldiers of this community will observe the day appropriately. The graves of the old soldiers in Mt. Zion and the Red Men's cemeteries will be decorated with flowers by the members of Stephens Post G. A. R., who will march there in a body, accompanied by the school children of the Eighth ward and others who desire to be present. The programme prepared for the occasion is an elaborate and promising one, and will be rendered in the good style which always characterizes anything that is put on by the members of the post. It has already been printed in the INTELLIGENCER. The other cemeteries will be visited by detachments of J. W. The day will be pretty generally observed as a holiday, considering that it falls on Saturday. The banks will all be closed all day, and public business generally suspended. The laws governing the postoffice department provide that the office may be closed from 10 a. m. till 5 p. m., if in the discretion of the postmaster it should be. Persons having flowers to donate to Stephens Post should send them as early as possible this morning to S. L. Brice's drug store. Flowers for the detachments from Holliday Post should be sent to G. A. R. Hall at an early hour, so as to catch the committees before they leave for the cemeteries.

In addition to the G. A. R. services, the Junior Order U. A. M. will at 2:30 p. m. present to the Union School an United States flag. Rev. E. N. Lynch will make the presentation speech, and Rev. A. Moore will respond.

## THE BUSINESS OUTLOOK.

Weekly Review of Trade by R. G. Dun & Company.

NEW YORK, May 29.—R. G. Dun & Co.'s weekly review of trade is as follows: It is most encouraging, and most significant of commercial strength and soundness, that the decline of gold in April and May has caused so little apprehension. The most powerful sustaining influence is the continuance of exceedingly favorable crop prospects.

The tone of the iron market has been better, but without change in prices more than in Philadelphia, while Bessemer is 50 to 75 cents at Pittsburgh, but there is a better demand in Eastern markets for dearish structural iron. Pittsburgh window glass is depressed by building strikes.

The business failures occurring throughout the country during the last seven days were 247, as compared with 254 last week. For the corresponding week of last year the figures were 218.

## MARTIN'S FERRY.

Memorial Services—Some Interesting Political Notes.

The Buckeye Glass Works will not shut down until Saturday, June 13.

Miss Bertie Blackford is entertaining her friend, Miss Kate Gilmore, of Washington, Pa.

James Runyon returned from Cincinnati yesterday, where he attended the K. of P. meeting.

Mr. J. B. Neely, of the Martin's Ferry schools, and Miss Myria King, of Warrenton, will be married next Wednesday.

Yesterday, while loading a wagon in Exley's lumber yard, Samuel Thompson, the driver, slipped and fell off the load, dislocating his right shoulder.

"The Song Tournament" at the Opera House this evening will furnish as grand a spectacle and intrinsically as good music and entertaining a contest as ever presented upon the stage either by home or foreign talent. No lover of music should miss this opportunity of gratifying the eye with a scene of beauty and the ear a concord of delight.

Senator J. K. Richards, of Ironton, was in town yesterday on his return from St. Clairsville, where he attended the meeting of the Republican committee. The Senator is a candidate for Attorney-General and believes he will be nominated. State Treasurer John Brown was also at the meeting in the interest of the candidacy of his cashier, Samuel Campbell, who is a candidate for the State Treasurer on the Republican ticket.

Delegates to the Republican State convention at Columbus not mentioned yesterday are Hon. Lorenzo Danford, of St. Clairsville; C. J. Howard, of Barnesville, and Lee Evans, of Wayne township. The alternates not mentioned are George Jepson, W. C. Cochran, Julius Armstrong, Edward Holson, C. H. Jenkins, C. C. Carroll, John Davis and J. S. Ehler. The firemen's races will take place in front of Lafayette Hall on Fourth street at 5:30, followed by their festival in that hall.

A female gambler need not be far off face, but she must have winning ways.

IF your name is not on the INTELLIGENCER'S Subscription Books make haste to get it on the list. Notwithstanding increased size and general improvement there is no increase in price. Still better things are to come.

## A SAD AFFLICTION.

Ex-President Hayes Said to be Suffering From the Effects of the Grip.

NEW YORK, May 29.—The World to-day says that ex-President R. B. Hayes, who suffered last winter from a severe attack of the grip, has had his memory affected as an after effect of the disease. He can talk but a minute or two, when he forgets the topic of conversation. A cloud seems at intervals to obscure his mental vision, and he must pause until it passes and leaves him clear again. Even then on most occasions he has completely forgotten what he had just been talking about. Mr. Hayes feels his misfortune keenly, but his friends all hope that his affliction will not be protracted.

ADOLF LALLOZ, carriage manufacturer, 119 Carroll street, Buffalo, N. Y., writes: "I was troubled with nausea of the stomach, sick headache and general debility. Burdock Blood Bitters cured me."

Friends and Neighbors Wonder at it, but it can be Accounted for by Entirely Natural Causes.

You may search medical journals, you may search the records of recoveries published in the public press, but the most untrusting search will not reveal a case that is more remarkable than that of Mr. John W. House, a respected and well known gentleman, who is at present stopping with his daughter, Mrs. Gay, South Front street, fourth house from gate of Fair Ground, Wheeling Island.

MR. JOHN W. HOUSE, WHEELING ISLAND.

In a recent interview, Mr. House said: "If you were to publish my sufferings just as I have gone through them people would think it incredible. Four years ago this spring I had a large fire brick concern at Ashland, Ky., which required my daily attention, and many mornings I would have to get out and crawl on my hands and knees to oversee the work. At that time I would go a week or more without eating a meal; I could not retain it. I became so weak that I could not get my breath. In the morning I would rise quantities of thick purulent phlegm. I had sharp, shooting pains in my back, which would sometimes shift around between the shoulders in the back of my neck. My cough was awful. At night I would exhaust every mile of strength I had by my rackings. My stomach and bowels were so deranged that I could not get my breath.
